Downloading an eAudiobook with RBdigital

* Instructions for app-based devices (e.g. Android phones/tablets, iPhones/iPads).

You will need:

- A valid John P. Holt Brentwood library card
- Access to wi-fi for your device
- An RBdigital Account (see below)
- The RBdigital app downloaded to your device (see below)
- Laptop, MacBook, Desktop Computer (PC) (for initial setup only)

Initial App/Account Setup

Laptop, MacBook, Desktop Computer (PC) - Account Registration

2. In the top-right corner, click on "Register."
3. Fill in all the information requested. Once finished, click the "Register" in the bottom-right.
   1. Enter an easy-to-remember username.
   2. Enter in your library card number (The long number under the barcode) in the provided field.
   3. Enter the postal code of the library (i.e. 37027).
   4. Don't forget to accept the "Terms of Service."

Android phones/tablets, iPhones/iPads - App Setup

1. Open your device's store app and search, "RBdigital".
2. Select the app with a logo matching the image above.
3. When the app finishes downloading, open it.
4. Enter your email address used for the initial RBdigital account creation.
5. Enter your RBdigital password.

Searching for eAudiobooks

There are many ways to go about discovering new books or looking for a specific author/title.

- Tap on the magnifying glass icon in the top-right, and then tap the audiobooks icon. This will let you search by keyword (i.e. subject), author, title, or even a specific narrator.
  - You can also further narrow result using the Advanced Search options provided just below.
On the app main screen, just below the "Home" bar at the top, the first category is audiobooks. If you tap the little "View All" box in the bottom-right, you can browse the entire audiobooks collection.

Tapping on the hamburger icon in the top-left (i.e. the three-line icon), and then tapping Books > Audiobooks, you will see a page similar to the app main screen except everything presented is in audiobook format.

**Checking out an eAudiobook**

- Upon locating an item, simply tap "Checkout" below the book's cover image. If checkout is missing, but "Hold" is present, tap it to be added to the checkout queue for that item.
- To see what items you have checked out, tap the hamburger icon in the top-left (i.e. the three-line icon), then tap "Checked Out."
- To see what items you have on hold, tap the hamburger icon in the top-left (i.e. the three-line icon), then tap "My Account" > "Holds."

* You can also checkout an audiobook through the RBdigital website.
